

**Taster days,
Open days,
Career days...**

We offer all of the above to help you decide if this industry is for you and if you want to join Secerna when you make the jump.

Having an insight into an industry before making a commitment can be invaluable, that's why we decided to make time once a year to invite a group of undergraduates to experience the industry and our firm.

The Programme is designed to give you a better understanding of working as a patent attorney within a firm.

There is a range of presentations to give you an introduction into the industry and firm and then you will be given the opportunity to work on some actual work. The day will end with some informal chats with our staff so you can ask them about their experiences.

Format of the day

10am-3pm

a variety of presentations and informal chats

Timeline

- **Submissions accepted** – From September
- **Offers confirmed** – From February
- **Open days** – July, usually mid-week between 1-18 July
